2009 2nd Annual Conference
Practice Management: Taking Care of Our Patients
July 30 – August 2, 2009
Flamingo, Las Vegas, NV

**Pearls of Your Practice
(Not Your Ordinary Poster Session)**

“How do I do more with less?” “There must be an easier way to do this!”
“What should these orders include?” “If I only had a form to track these issues.”
We have all been there. Rheumatology nursing is a relatively new field. The complexity of rheumatic disease and current treatments demands novel ideas in patient care.
BUT – Do we each need to re-invent the wheel?

This year RNS is seeking practice pearls that can be shared with your fellow members.

- Have you designed a teaching flow sheet?
- A spreadsheet for tracking labs?
- Developed patient education materials or discharge sheets?
- Made templates for infusion order?

What tools have you created to improve efficiency or patient care? Please share your ideas with fellow members. Just submit an electronic version of your form, tool, etc. to the RNS National Office.
RNS@dancyamc.com. Pearls will be displayed as a poster session.
